

Trustees and Academy Councilors are invited to use our 'BYOD' Wi-Fi network on their own computers when visiting our schools for meetings. Here are some instructions to help get online.

1. Go to the Settings menu and go into the Wi-Fi menu

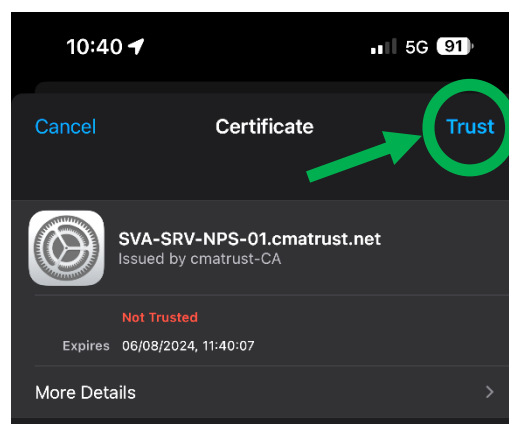

2. Select **Meridian-BYOD** or **CMAT-BYOD** and enter your school provided email address as your **username** and then enter your **password**

(We are transitioning our systems from CMAT to Meridian, so in some schools you may still see CMAT listed. It doesn't matter which you connect to).

3. You may see a screen asking you to trust a certificate.
(See example)
If you do, click trust in the top right corner of the screen.

4. You will now be connected to the internet.

If you have any issues, please email it@meridiantrust.co.uk / 0300 666 0300
